RENEWED PETITION UNDER 37 CFR 1.137(b) **TO WITHDRAW** **ERRONEOUS HOLDING OF ABANDONMENT**

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

The present application is NOT abandoned. The USPTO lost the Applicants' responsive filing on December 3, 2004, and then THREE YEARS LATER calls the case "abandoned" with a Notice of Abandonment mailed September 21, 2007.

Not only has the USPTO lost the Applicants' responsive filing of December 3, 2004, but it reports (in Footnote 2 in the Decision on Petition mailed March 6, 2006) that they've now also lost the Notice of Abandonment!

Strangely, the USPTO accepts that a Notice of Abandonment was in fact mailed because the Applicants' said it "has been received" (See Footnote 2 in the Decision on Petition), but hasn't yet accepted the same source of information (the Applicants) that the responsive filing was filed.

Through all this, the USPTO takes the position THREE YEARS after having lost the Applicants' filing that the application was abandoned THREE YEARS prior. Now, because it was abandoned more than 1 year ago, revival requires proof that the abandonment was unavoidable.

This is preposterous. This case is NOT abandoned. And even if the USPTO persists that it is because the USPTO lost the Applicants' December 3, 2004 filing, this was most certainly an unavoidable even with respect to the Applicants as it was entirely under the control of the USPTO.

The Applicants respectfully again request a withdrawal of the erroneous holding of abandonment.

The Applicants have sufficiently proven that a Response to Restriction Requirement was in fact filed in this case with the USPTO on December 3, 2004. Exhibit A is a copy of the December 3, 2004 responsive filing.

Exhibit B is a copy of the returned receipt from the USPTO indicating that the Response to Restriction Requirement was in fact filed.

Exhibit C is an Affidavit of Lamont King together with a copy of a relevant page of our Firm's courier log book from December 3, 2004. As Mr. King explains, the entry indicates that a filing was hand carried to the USPTO, and the check mark to the left of the entry indicates that a return receipt was received back from the USPTO indicating that the filing was successfully deposited with the USPTO.

Exhibit D is a copy of the USPTO's own case history report generated by the USPTO's Patent Application Information Retrieval (PAIR) database pursuant to the above-referenced case. The PAIR system shows that the Response to Restriction Requirement filing was received by the USPTO on December 3, 2004. This is the very filing that the USPTO alleges was not filed because they can't locate it. It WAS filed, and this case is NOT abandoned.

Withdrawal of the erroneous holding of abandonment is again respectfully requested.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "W H Bollman", written over a horizontal line.

EXHIBIT C

Affidavit of Lamont King

My name is Lamont King. I am an administrative assistant with Manelli Denison & Selter PLLC. Part of my daily responsibilities includes sending the firm's daily patent and trademark filings to the United States Patent and Trademark Office (USPTO) via courier.

Each day I catalog each of the filings going to the USPTO in our courier log book. The next day I cross check the previous day's filings to ensure that we received each individual USPTO receipt (indicating that the USPTO received each filing) by putting a check mark to the left of the corresponding log book entry.

On Friday December 3, 2004, a Response to Restriction Requirement was filed with the USPTO via courier. On Monday December 6, 2004, I cross checked the filings from December 3, 2004, and made a check mark to the left of the entry thereby indicating that a return receipt was received back from the USPTO indicating that the filing was successfully deposited with the USPTO.

Please see the attached copy of our Firm's courier log book showing receipt of the Response to Restriction Requirement from the USPTO.

I swear under the penalty of perjury that the contents above are a true.

Lamont King
